Women and Peace Progress in Myanmar

Gender Concerns International has launched its new initiative under the 'Women and Peace Progress' (WPP) program to promote gender-inclusive peace and sustainable democracy in Myanmar. Women continue to be underrepresented in the Myanmar peace process. The WPP supports women organisations and female parliamentarians, in order to strengthen their participation in the upcoming peace talks. [Read more](#)

Interactive Consultation and Launch of Network to Strengthen Female Leadership in Morocco

Gender Concerns International hosted an interactive consultation in Rabat, Morocco. At the event, female councillors presented its Network of female leaders that will work to strengthen ongoing processes of women's democratic inclusion. The event followed up on previous high level consultations held early last year in Rabat and Tangier. [Read more](#)
